BETHANY COLLEGE ANNOUNCES THREE-YEAR BACHELOR'S DEGREE PROGRAM
LINDSBORG, Kan.—Bethany College offers a three-year bachelor's degree program for motivated students seeking a well-rounded education.

This program is designed to reduce the cost of a Bethany education by approximately 25 percent. It will also allow students to enter the work force or attend graduate school a year earlier.

“This unique and exciting opportunity allows qualified students to benefit from Bethany's excellent business program and strong liberal arts education. We are dedicated to serving students and the three-year program delivers the same educational opportunity to qualified students as our four-year program,” said Bethany College Dean of Recruitment and Marketing Tricia Hawk.

Participating majors include: accounting, business, business administration, finance, management, marketing and operations management. Students in this program will complete 124 credit hours in just three years at Bethany by enrolling in 15-17 credits each semester and by also taking three to four credits during interterm and six credit hours in the summer. Advanced placement (AP) credits will also be transferrable.

In order to be accepted into this accelerated program, students must earn a 3.0 GPA and 22 ACT score.

Bethany College, established by Swedish Lutheran immigrants in 1881, is a college of the Evangelical Lutheran Church in America. The mission of Bethany College is to educate, develop and challenge individuals to reach for truth and excellence as they lead lives of faith, learning and service.

Bethany College is on the Web at www.bethanylb.edu.
